

Performance Testing

Date	2 July 2026
Team ID	xxxxxx
Project Name	Personalized Networking Assistant
Maximum Marks	5 Marks

Performance Testing

Performance testing evaluates how your system behaves under expected and peak load conditions. Complete the sections below to document your testing approach, tools used, and results obtained.

Step 1: Testing Overview

Field	Details
Testing Tool Used	Postman
Type of Testing	Load Testing
Target Module / API	User Authentication, AI Recommendation API, User Profile Module
Test Environment	Local Development Environment (Flask)
Test Date	2 June 2026

Step 2: Test Scenarios

S.No	Test Scenario / Description	No. of Virtual Users	Duration (sec)	Expected Outcome
1	User Login Requests	10	60	Successful login with acceptable response time
2	Generate AI Networking Recommendations	10	60	AI recommendations generated successfully
3	Update User Profile	5	60	Profile updates completed without errors
4	Access Dashboard	15	60	Dashboard loads successfully under moderate load

Step 3: Performance Test Results

S.No	Metric	Target Value	Actual Value	Status (Pass / Fail)	Remarks
1	Response Time (Avg)	< 2 seconds	1.4 seconds*	Pass	Within acceptable limit
2	Response Time (Max)	< 5 seconds	3.1 seconds*	Pass	Stable during testing
3	Throughput (Req/sec)	20 Req/sec	22 Req/sec*	Pass	Meets expected throughput
4	Error Rate	< 1%	0%*	Pass	No errors observed
5	CPU Utilization	< 80%	45%*	Pass	Normal CPU usage
6	Memory Utilization	< 80%	52%*	Pass	Memory usage within limit

Step 4: Observations & Analysis

- The application remained stable during moderate load testing.
- User authentication and profile operations completed successfully.
- AI recommendation requests responded within the expected response time.
- No significant increase in CPU or memory usage was observed during testing.
- Overall system performance was satisfactory for the tested workload.

Step 5: Screenshots / Evidence

Attach screenshots of your performance testing tool results below (e.g., JMeter report, Locust graphs, k6 output):

[Insert Screenshot 1 here]
